

# OTTERTAIL HOSTS ANNUAL PARTY

Threatening clouds didn't deter parade-goers as swarms of people turned out for Ottertail's annual Otterfest celebration. Even with a few drops of rain falling during the parade, onlookers were too transfixed to take cover.

Some popular summer parade features, like freeze pops and a float filled with youngsters armed with squirt guns, may not have been necessary on the overcast morning of August 11. Still, there was a full line-up of parade entries which were enjoyed by both the youngest and the oldest spectators lining the streets.
